

MOTORVAC[®]

TECHNOLOGIES, INC.

MotorVac Products will Help Your Business

Add New Services • Increase Sales • Enhance Profits

MOTORVAC[®] CarbonClean[®] SYSTEM

CarbonClean

*Professional Fuel System
Service and Diagnostic Center*

- ▶ Advanced electronic controls
- ▶ Unique safety features allow system to run unattended
- ▶ Fuel system diagnostic capabilities allow 5 tests to be performed

Model - MCS 245

Part # 500-0245

Uses: MV3 CarbonClean (400-0020) or (400-0126)
& MV4 CarbonClean (400-0030)

MOTORVAC[®] TransTech[®] SYSTEM

TransTech III

*The Easiest ATF Exchanger
Ever Made*

- ▶ Replaces virtually 100% of the dirty fluid in just minutes
- ▶ Convenient drain pan and fluid "fill" control features for easier filter change
- ▶ Advanced electronic interface provides technician with complete "one touch" control

Model - MTT 1100

Part # 500-1100P

Uses: TT2K TransTech 2-Step Kit (400-0137)

MOTORVAC[®] CoolantClean[®] SYSTEM

CoolantClean III

*Professional Coolant Exchange
and Flush Service Center*

- ▶ Complete coolant exchange in just minutes
- ▶ Operates in both static and dynamic mode
- ▶ On-board waste tank has a 28 quart capacity
- ▶ One Multi-Function Switch

Model - MCF 5100

Part # 500-5100P

Uses: CC2K CoolantClean 2-Step Kit (400-0138)

MOTORVAC[®] OilClean[®] SYSTEM

OilClean

*Professional Oil Flush Service
Center*

- ▶ Dynamic flushing process cleans entire lubrication system
- ▶ Services spin-on and canister style filters
- ▶ The special 5 micron rated filter is designed for automotive use

Model - MOF 6000

Part # 500-6000P

Uses: OC2K OilClean 2-Step Kit (200-1026) & OC2B OilClean Bulk (200-1027)

MOTORVAC[®] SteerClean[®] SYSTEM

SteerClean II

*Professional Power Steering Fluid
Exchange Service*

- ▶ Complete service in just minutes
- ▶ Services both pump reservoir and remote reservoir systems
- ▶ Fast connection and easy operation

Model - MPS 7100

Part # 500-7100

Uses: SCK1000 SteerClean 2-Step Kit (400-1045)

MOTORVAC[®] CarbonClean[®] SYSTEM

CarbonClean Dual

*Combination Gas and Diesel Fuel
System Cleaning Center*

- ▶ Works on both gasoline and diesel fuel systems
- ▶ Two-line system for more effective cleaning
- ▶ Includes two pressure gauges and timer

Model - MCS 352

Part # 500-0352

Uses: MV3 CarbonClean (400-0020) or (400-0126),
MV4 CarbonClean (400-0030) & MV3D DieselTune
(400-0010)

OilClean 1000

Fast and Efficient Oil Flush Service

- ▶ Dynamic flushing process cleans entire lubrication system
- ▶ Works with spin-on and canister style oil filter assemblies
- ▶ Timed cleaning cycle
- ▶ Air-blast control to clean any build up from the oil pick up screen

Model - MOF 1000
Part # 500-6050

Uses: OC2K OilClean 2-Step Kit (200-1026) & OC2B OilClean Bulk (200-1027)

NEW

TransTech 1000

Fast & Efficient ATF Exchange System

- ▶ ATF exchange service complete in just minutes
- ▶ Simple connection through the transmission dipstick
- ▶ Technician-friendly controls
- ▶ Two on board 26-quart capacity tank

Model - MTT 1000
Part # 500-1101

Uses: TT2K TransTech 2-Step Kit (400-0137)

NEW

Fluid-Vac 1000

Fast and Efficient Fluid Management System

- ▶ General purpose machine can be used for multiple applications
- ▶ Performs a simple and safe fluid evacuation or exchange in just minutes
- ▶ Air powered pump will pull 24 inches of vacuum and handle 90 weight fluids

Model - MFV 1000
Part # 500-9050

SteerClean 1000

Fast and Efficient Power Steering Exchange Service

- ▶ Perform a simple, safe and complete flush and exchange in just minutes
- ▶ Efficient process results in a highly profitable, easy add-on service
- ▶ Unit services both pump reservoir and remote reservoir systems
- ▶ Extra long wand provides easy access for the technician

Model - MPS 1000
Part # 500-7050

Uses: SCK1000 SteerClean 2-Step Kit (400-1045)

CoolantClean 1000

Fast and Efficient Coolant Flush Service

- ▶ Performs a simple and safe coolant exchange service complete in just minutes
- ▶ Air powered pump will pull 24 inches of vacuum
- ▶ Easy to use valves for optimal flow control

Model - MCF 1000
Part # 500-5150

Uses: CC2K CoolantClean 2-Step Kit (400-0138)

BrakeVac 1000

Electric Brake Bleeding System

- ▶ Complete brake system flush in just a few minutes
- ▶ Portable system operates on 110 volts AC
- ▶ Supports a one-man operation with a fast and easy fill procedure
- ▶ Virtual 100% exchange delivers the highest quality service

Model - EBB 1000
Part # 500-8050

DieselTune

Professional Fuel System Service for Diesel Engine Applications

- ▶ Safely dissolves carbon deposits on diesel engines through exclusive soak mode
- ▶ Microprocessor-based controls for automatic operation
- ▶ Automatically maintains correct pressure and flow for worry-free-operation

Model - IDT 4000
Part # 500-4006P

Uses: MV3D DieselTune (400-0010)

Heavy Duty TransTech

Professional ATF Exchange for Heavy-Duty Commercial Applications

- ▶ Exchanges virtually all of the used transmission fluid in a heavy duty transmission
- ▶ Electronic Interface allows complete "one touch" control and ease of operation
- ▶ Complete ATF exchange service in less than 30 minutes for most Allison transmissions

Model - MTT 1150
Part # 500-1150

EVAP LeakChek II

Evaporative Leak Detection System

- ▶ One-line system allows for user-friendly and faster operation
- ▶ Easy to read larger flow meter
- ▶ New dip stick feature to check fluid level
- ▶ A must have tool for all emissions related repairs and PM Services

Model - EVAP 333
Part # 500-0333

Uses: Smoke Refill (400-1035)

LeakChek Plus

General Purpose Leak Detection System

- ▶ Illuminating visible vapor trace pinpoints leaks at the source
- ▶ Increased shop efficiency obtained by reducing diagnostic time
- ▶ Safely test for leaks with the engine off using a much less hazardous procedure

Model - LC 210
Part # 500-0210

Uses: Smoke Refill (400-1035)

CycleTune

Professional Motorcycle Fuel System Service Center

- ▶ Designed for fuel injected motorcycle systems
- ▶ Safely removes soft carbon deposits, gum and varnish in 30 minutes or less for improved drivability
- ▶ Increases horse power and reduces leakdown past rings and valves

Model - MMC 231
Part # 500-0231

Uses: MV3 CarbonClean (400-0126)

Fluid Test Kits

Complete Fluid Diagnostics

- ▶ Fast, easy and accurate method to diagnose any vehicle's fluid condition
- ▶ Special test strips will analyze coolant freeze point, nitrite, molybdate, pH and RA simultaneously
- ▶ Test pads will analyze brake fluid, transmission fluid, power steering fluid and motor oil

Model - Test Strips
Part # 400-0156

Model - Test Pads
Part # 400-0154

CarbonClean (MV3) & (MV4)

Fuel System Cleaners

MotorVac's proprietary gasoline engine detergent is designed for use in MotorVac CarbonClean equipment as well as any other fuel system service that requires a fuel cleaning mixture. The air intake and throttle body cleaner is a proprietary detergent formulation for decoking intake plenums and cleaning throttle plates and idle bypass circuits. It is the perfect replacement for any top engine application requirement.

Case of 12 - 8 oz. Bottles:
MV3-Part # 400-0020
MV4-Part # 400-0030

Case of 4 - 32 oz. Bottles:
MV3-Part # 400-0126

32 oz.

DieselTune (MV3D)

Diesel Engine Detergent

MotorVac's DieselTune detergent is specifically formulated to effectively clean the diesel engine fuel system and will reduce the exhaust particulate matter. DieselTune detergent is powerful yet safe to use and will help the engine operate at its peak horsepower while improving fuel mileage and lowering emissions.

Case of 12 - 16 oz. Bottles
Part # 400-0010

TransTech (TT2K)

Transmission System Service Kit

The specially formulated Cleaner suspends and flushes harmful varnish, sludge, and contaminants from the transmission system, torque converter, pump, and ATF cooler and fluid lines. This solution also quiets and smoothes shifting and will prolong transmission life. The Conditioner will extend transmission life by keeping seals pliable, and reducing the possibility of leakage. This solution will also reduce fluid oxidation and heat related breakdowns.

Case of 6 - 2 Step Service Kits
Part # 400-0137

CoolantClean (CC2K)

Cooling System Service Kit

The radiator flush restores cooling system efficiency by removing rust, scale, and other contaminants. The Water Pump Lubricant and Rust Preventative contains rust and corrosion inhibitors which help to prevent radiator deposits that can cause clogging and overheating. This kit is designed to provide a complete coolant system maintenance service.

Case of 6 - 2 Step Service Kits
Part # 400-0138

SteerClean (SCK1000)

Power Steering System Service Kit

SteerClean solutions will safely flush, clean and condition the power steering system to help improve operational performance, help quiet noise and extend component life. The Power Steering Flush Detergent will clean all internal components. The Power Steering Fluid Conditioner contains anti-wear agents that condition seals and reduce noise in the power steering system. These solutions are compatible with all domestic and foreign vehicle power steering systems.

Case of 6 - 2 Step Service Kits
Part # 400-1045

OilClean (OC2K) & (OC2B)

Lubrication System Service Kit

MotorVac's exclusively formulated engine OilClean Detergent is the most effective engine oil system cleaner on the market today. The detergent encapsulates the sludge and contaminants found in internal combustion engines then the filter traps and collects the deposits. This PM service can be combined with an oil change coupon program.

Service Kit (Single Use)
Case of 12 - 2 Step Service Kits
OC2K-Part # 200-1026

Service Kit (Bulk)
Case of 4 - 1 Gal. Containers & 32 Filters
OC2B-Part # 200-1027
